Date & Signature Student

Submit this form and the task sheet to CSE via email (cse-office@tu-braunschweig.de) cc-ing your examiner.

Registration of Specialisation Project (PRO)

Specialisation project at a glance:

- Duration: maximum of 26 weeks
- Presentation (10% of final grade)
- Generally during 3rd semester

For more details, please refer to the module handbook.

Please be aware that you may not re-purpose any part of the specialisation project during your master thesis as is stated in the additional part of the examination regulations §6 sec. 3.

“(3) The Master's thesis carries 30 credits and has to be completed within six months. In their Master's thesis, students shall treat a topic within their chosen specialism that is noticeably different from the subject of the specialisation project in terms of method and content.”

For any questions or queries, please reach out to the CSE office via:

FAQs

May I write my PRO at a company?

Yes, you may. However, a professor of the TU Braunschweig has to be your examiner and will also be responsible signing your registration form, task and grade sheet.

Do I have to submit the form “Registration of Specialization Project”?

Yes, you have to submit this form in order to start your PRO. The examination board has ruled that starting July 1, 2020 all CSE students have to submit the form plus the task sheet to the CSE office.

What do I need to submit to register my PRO with CSE?

You have to submit

1. Form “Registration of Student Project”
2. Task Sheet

Submit to CSE office via email cse-office@tu-braunschweig.de

Do I have to submit the original hard copy, or does a soft copy via email suffice?

A soft copy sent to CSE office cc-ing the examiner suffices.
